## HVCH holds 4th Annual Holiday Affair

Thanks to everyone who joined us at our 2019 Holiday Affair "Christmas at the North Paw." We had an amazing evening! Special guests were the Columbus Zoo and Hocking County Humane Society. The zoo had a variety of animals on display and the the Humane Society had many animals up for adoption. Santa and Mrs. Claus made an appearance, as well as HVCH Pet Therapy dog Becca and Hocking County Sheriff's Office K-9 Emma.

All the evening's performers sounded fabulous: Hocking Hills Senior Center Choir, Logan High School Choir, and Hocking Hills Children's Chorus. Many loved ones were remembered and honored during the Celebration of Lights tree lighting ceremony. A special thanks to Dr. Mark Fratzak for performing for the service. Also, thanks to the many vendors who came and set up as well. It was a wonderful time and we hope to see you next year!

### INSPIRATIONAL QUOTE OF THE WEEK

*"The happiness of your life depends upon the quality of your thoughts: therefore, guard accordingly, and take care you entertain no notions unsuitable to virtue and reasonable nature."*

## Direct to You: From Stacey Gabriel

I hope that you all had a wonderful Thanksgiving Day and were able to stuff yourselves full of

Stacey Gabriel, CEO

turkey and all of the trimmings. As I was enjoying time with family and friends, I took some time to reflect on everything in my world that I am thankful for. It first starts at home and how thankful I am that I have a family that is supportive and understanding of my crazy schedule and sometimes late hours. I know the kids are older now, which is very helpful as they can all drive themselves to where they need to be. Josh manages to help with things around the house too, even with all of the things he has going on. Being where I am needed is always a priority.

I am extremely thankful to be able to work in an organization whose purpose is to help and heal. Not everyone can say that. Working in

healthcare is so rewarding. You have the opportunity to connect with patients and families. To explain and educate about a disease process or treatment plan. To alleviate anxiety when someone just can't fully understand what is happening. To put your talents to use when providing care to a patient or making sure our hospital is in working order. I am thankful for you all, as you give selflessly and focus on meeting the needs of the patient.

I am thankful for those of you in our community. I love our town and the beauty that surrounds. Sometimes I think we take for granted our hills and valleys. It's majestic enough that 4.5 million people come here each year, and I find myself appreciating it more and more. I love that our hospital gives back to this wonderful community in so many ways. I am excited about what we are planning for the future of HVCH and how we will continue to meet the needs of our community for many years to come.
